

Cuyahoga County/Regional
EMS Protocols

1	Abdominal Pain	add multiple antiemetics
2	Abdominal Trauma	
3	Abnormal Birth	
4	Acute Coronary Syndromes	distance to definitive care impacts meds
5	Acute Coronary Syndromes - Cocaine Induced	benzo selection
6	Airway	goals same, annex for specific equipment
7	Altered Mental Status and Hypoglycemia	global update needed/drug shortages/use
8	Anaphylactic Reaction	steroid timing, route, cost
9	Anaphylactic Shock	steroid timing, route, cost
10	Asystole / PEA	
11	Behavioral / Psych - Combative	haldol use, adding ketamine
12	Bradycardia	
13	Burns	
14	Cardiac Arrest	
15	Cardiogenic Shock	
16	Chest Trauma	dressings/clamps for specific wounds
17	CHF / Pulmonary Edema	
18	Delirium Tremens	benzo selection
19	Drowning / Near Drowning	
20	Epistaxis	dressing/packing discussion
21	Esophageal Foreign Body	frequency of use, meds (include pain)
22	Extremity Trauma / Amputation	benzo selection, dressing/clamp selection
23	Eye Injury	topical anesthetic
24	Foreign Body Airway	cric kit vs surgical cric
25	Head Trauma	head wound care
26	Hyperthermia / Heat Emergencies	
27	Hypothermia / Cold Emergencies	
28	Hypovolemic Shock	
29	Narrow Complex Tachycardias	benzo selection
30	Nausea / Vomiting	add antiemetics
31	Neonatal Resuscitation	same goals, define more clearly
32	Neurogenic Shock	
33	OB Emergencies	same goals, define more clearly
34	Peds Chest Trauma	
35	Peds Abdominal Trauma	dressing/packing discussion
36	Peds Airway	annex for devices
37	Peds Altered LOC / Hypoglycemia	same goals, define more clearly
38	Peds Anaphylactic Reaction / Shock	steroid timing, route, cost
39	Peds Asystole / PEA	define dextose timing
40	Peds Bradycardia	same goals, define more clearly
41	Peds Burns	same goals, define more clearly
42	Peds Cardiogenic Shock	same goals, define more clearly
43	Peds Drowning / Near Drowning	
44	Peds Esophageal Foreign Body	
45	Peds Extremity Trauma / Amputation	dressing/packing discussion
46	Peds Eye Injury	topical anesthetic
47	Peds Fever	timing, med,

Cuyahoga County/Regional
EMS Protocols

48	Peds Foreign Body Airway Obstruction	cric options
49	Peds Head Trauma	
50	Peds Hyperthermia / Heat Emergencies	
51	Peds Hypothermia / Cold Emergencies	
52	Peds Hypovolemic Shock	
53	Peds Multiple Trauma	
54	Peds Nausea / Vomiting	
55	Peds Neurogenic Shock	
56	Peds Organophosphate Exposure	
57	Peds Post Resuscitation	clarify among protocols
58	Peds Respiratory Distress – Lower Airway	steroid timing, route, cost
59	Peds Respiratory Distress – Upper Airway	nebulized epi type
60	Peds Seizure	benzo selection
61	Peds Septic Shock	
62	Peds Severe Pain Management	add fentanyl
63	Peds Tachycardia	benzo selection
64	Peds Toxic Ingestion - TCA	
65	Peds Toxic Ingestion BB / CCB	expand to include treatment options
66	Peds Trauma Arrest	clarify among protocols
67	Peds V-FIB / V-TACH	clarify among protocols
68	Peds Wide Complex	clarify among protocols
69	Post Resuscitation Care	benzo selection
70	Respiratory Distress	transport time med selection
71	RSI	annex for procedure, transport times
72	Seizures	benzo selection
73	Septic Shock	
74	Severe Pain	med selection
75	Sexual Assault	
76	Stroke / CVA	type of EMS stroke scale
77	Toxic Ingestion – BB / CCB	med selection
78	Toxic Ingestion / Organophosphates	
79	Toxic Ingestion TCA	
80	Toxic Inhalation – CO	
81	Toxic Inhalation - Cyanide	cyanokit in ED or EMS
82	Trauma Arrest	
83	Traumatic Breathing	
84	Uncomplicated Delivery	
85	V-FIB / V-TACH	clarify among protocols
86	Wide Complex Tachycardia	benzo selection/clarify protocol overlap
